

ORGANIZING COMMITTEE

- Patron** : Prof. (Dr.) Venu Gopal Achanta
Director
CSIR-National Physical Laboratory
New Delhi-110 012
- : Dr. D. K. Aswal
President MSI
- Chairman** : Dr. Chhemendra Sharma
- Vice Chairmen** : Dr. Ranjana Mehrotra
Dr. Sanjay Yadav
- Convenor** : Dr. Naveen Garg
- Co-Convenor** : Dr. Chitra Gautam
- Organizing Secretary** : Dr. S. K. Jaiswal
- Members** : Dr. Shankar Aggarwal
Dr. Nitin Sharma
Dr. Ashish Ranjan
Dr. Girija Moona
Dr. Santwana Pati

International Workshop on Noise Pollution Monitoring, Mapping and Control

Date:

December 17, 2021

Theme :

NOISE MAPPING AND CONTROL

Organized by

**CSIR – National Physical Laboratory
New Delhi, India**

www.nplindia.org

In association with

Metrology Society of India (MSI)

www.metrologyindia.org

SILENCE IS GOLD

CSIR-National Physical Laboratory, New Delhi is organizing an “**International Workshop on Noise Pollution Monitoring, Mapping and Control**” on **17th December, 2021**.

This workshop is aimed to bring together the scientists, engineers and young researchers engaged in the basic and applied research in the broad areas of noise pollution monitoring, mapping and control and discuss the needs for advancement of this field in India.

The workshop will be held in **hybrid mode (online/ offline)**. *International speakers are invited to make use of online mode.*

Eminent national and international speakers shall be presenting case studies in the workshop on noise mapping and noise pollution control. The Acoustics and Vibration Standards, CSIR-National Physical Laboratory, New Delhi has been involved in noise monitoring at various hot spots of Delhi and near by places.

The workshop shall be helpful for developing a harmonized strategy for noise mapping and noise pollution control in Indian scenario, which can be adopted for noise pollution control.

SCOPE

The following topics will be covered in the workshop

- Strategy of noise mapping
- Noise scenario: evaluation and analysis
- Noise modeling, software and GIS integration
- Sampling strategies in noise mapping
- Health issues associated with noise pollution
- Noise standards and ordinances for noise sources, case studies
- Acoustics metrology and standardization
- Development and use of Noise Monitoring Terminals
- Noise control strategies, etc.

Registration Form

International Workshop on Noise Pollution Monitoring, Mapping and Control

(December 17, 2021)

**CSIR-National Physical Laboratory
New Delhi, India**

Theme

NOISE MAPPING AND CONTROL

Registration is free for all the delegates. Please fill the google Form and confirm your availability in **online** or **offline** mode.
